

Be safe at our event – dos and don'ts

1. Prepare for the journey

The Showground is easy to find but the access roads can become quite busy on show day and include some slow moving traffic. You can download our traffic plan, to make it easier for you to find us.

2. Check the weather and be prepared

Be "sun safe" as a significant amount of the event will be outdoors – bring sunblock or sunscreen. Be prepared for rain – there are places that you can shelter in on the Showground.

3. Get to know locations

Your programme will include a map of the Showground. It may be helpful to quickly identify key locations such as the toilets, first aid points etc.

4. Stay hydrated

Bring enough drinking water. You can also purchase a wide range of drinks from the traders on the Showground.

5. First aid posts are situated within the showground, check the map or ask a steward.

6. Lost children will be dealt with by the show stewards. If a child (or other vulnerable person) is found, or reported lost, immediate contact should be made with a show steward, show security, the police or St. John Ambulance Service. Event staff will take any lost children/person to the communication centre where an announcement can be issued using the PA system in order to reunite them with their group.

7. Don't feed or pet the livestock

Do not feed or attempt to pet the livestock – they may be on special diets and may not be used to being handled.

8. Stay informed

If you have any queries, talk to one of the stewards on the Showground – Stewards will be wearing a badge and may be carrying a radio or, in the event of an incident, be wearing a high visibility tabard.

9. Emergencies

In the unlikely event of an incident, please follow the instructions given.

10. Wash your hands

Make sure that you wash your hands when you leave the livestock areas and before eating food as this will reduce the risk of you suffering from any infection associated with animal contact. Washing facilities are available in each of the toilets.

This means now wash your Hands

You may see this all around the show ground. It is there to remind you to wash your hands.

This sign means stop and wash your hands

You may see this sign at the entrance to eating areas, and when you leave livestock areas. It is there to STOP you leaving without washing your hands.

IF YOU SEE THIS SIGN IT MEANS THIS IS WHERE YOU CAN WASH YOUR HANDS

Photography

Please be aware that photographs or film may be taken throughout the showground for broadcast, publicity and marketing purposes. The Society will only use such material to promote and publicise The Nantwich Show or International Cheese show, and will not pass on or sell to third parties. Where possible, in the event of photography of a child, parent/guardian permission will be requested
